BOYS IN BLUE.

The grand torchlight demonstration of the Union Veterans Union will come off on the night of the 31st of August.

They have invited all the Ward and Townships GARFIELD AND ARTHUR CLUBS, to join them in the brilliant display.

The following speakers have been invited to address the meeting, and there is expected to be a splendid time.

The Boys-in-Blue will appear for the last time in their new uniforms and with their new touches.

SPEAKERS.

Hon. O. H. Dockery, Hon. R. B. E. of South Carolina, Hon. D. A. Straker of South Carolina, and others.

MR. STRAKER'S SPEECH.

At the regular meeting of the club of the "Boys-in-Blue," Union Veterans Union, held on Wednesday evening last in their club room, the regular business of the club was suspended, and the President of the club, Col. Geo. L. Mabon, arose and introduced to the large audience present the Hon. D. A. Straker of South Carolina, who proceeded to deliver as far as an address as it has been our pleasure to listen to for some time. Without dealing in personalities, or weak flings, he shewed up the Democratic party in their true colors, and told in an admirable manner the wrong doings of that party in his state, and what Republicans might expect if that party were successful in November next. But we will not attempt to give even a synopsis of the speech, but advise our friends not to miss the next chance of hearing Mr. Straker as we learn that he will perhaps be invited to be present at a mass meeting, soon to be held.

He urged upon the Boys-in-Blue the necessity of giving the Hon. W. P. Canaday a united and earnest support, as a staunch Republican whose reputation, which is even national, will enable him to be of great service to the colored people, to whom he is one of the most faithful and devoted advocates.

Sheriff Manning who has just returned from Maine, where he has been spending several weeks, says the state is in a whirlwind of enthusiasm. Senator Blaine told him that the Republicans would carry the state by at least 20,000, majority, and that he believed that Garfield would carry every single northern state. Gen. Manning says that everywhere he went, in the north, the overwhelmingly dominant opinion seemed to be that those who preserved the nation should and would still control it, and the determination to bring about that end seemed indomitable.

MAINE AND THE LOFFY PLAINS TFT.

The Times Portland correspondent gives us his opinion that Maine will turn up with a clean Republican ticket elected by at least 10,000 majority and a solid Republican Congressional delegation. Gen. Plaisted, the fusion candidate for Governor is exposed to a burning fire.

The Times correspondent gives the following spicy details of the distinguished Plaisted's and the equally distinguished Pillsbury's operations of bogus officials among the fusionists.

It is as refreshing as the cool summer weather and the approaching autumn of the Pine Tree State:

It is shown that as an Army officer, he [Plaisted] tried to speculate on the necessities and desires of his men. He extorted money and a joint note from his regimental band, professedly to protect his men from the band instruments captured in battle, and for which nobody was pecuniarily responsible.

The Liberal Republicans joined them in 1874, and gave them the House of Representatives, which they have retained ever since; and we kept on visiting with them until they also got possession of the Senate. And now for two sessions they have had entire control of both branches of Congress. Why have they not reformed the civil service? Why have they not passed the bill to abolish spoils, which they knew Mr. Hayes was aghast to sign? Is it possible that our Democratic friends have been thinking that some time they might get into power themselves, and then spoils would not be so very bad a thing? that contributions from office-holders are a corruption fund when compared with the services they have given? I will not determine longer. It was not my purpose to have said even so much as I have, but merely to thank you and to assure you of my convictions in regard to the coming campaign, and my determination to support Gen. Garfield for President, as the best and fairest thing for an honest and patriotic citizen of my way of thinking to do.

EX-GOV. AUSTIN PLAISTED, formerly a liberal, supports Garfield and Arthur. He says in his speech:

The Liberal Republicans joined them in 1874, and gave them the House of Representatives, which they have retained ever since; and we kept on visiting with them until they also got possession of the Senate. And now for two sessions they have had entire control of both branches of Congress. Why have they not reformed the civil service? MOORE'S CREEK AND BURGAW.

Judge Watts and H. E. Scott, Esq., went to Moore's Creek on the morning

and to Burgaw in the evening, and report that they had splendid meetings at both places. There was a big crowd at Moore's Creek, which was addressed by Judge Watts in one of his happiest efforts and afterwards by H. E. Scott, Esq., in his usual eloquent and spirited style. The utmost enthusiasm prevailed, many whites being present. The speakers on their return homewards were seized at Burgaw by a lively crowd of Republicans and Democrats and held another enthusiastic meeting.

They have invited all the Ward and Townships GARFIELD AND ARTHUR CLUBS, to join them in the brilliant display.

The following speakers have been invited to address the meeting, and there is expected to be a splendid time.

The Boys-in-Blue will appear for the last time in their new uniforms and with their new touches.

The Times gives reports, covering two whole pages of that paper, including nearly 40 counties showing the utmost enthusiasm in New York, and says editorially:

To sum up the prospects in the Em- pire state, which is likely to have the deciding voice in the coming election:

There is every reason to believe that there will be a very full vote; the Re-publican party is united, and will ex- hibit its whole strength; the liberals, inde-pendents, and discontented of the past, whose general sympathies were with the party, are now heartily co-operating with it in active work; and there is a more or less vague and un-

DEMOCRATIC CORRUPTION IN RICHMOND COUNTY.

HAMILTON, N. C., August 17th, 1880.

EDITOR OF THE POST:

My attention has been called to an article in the Morning Star of the 7th, just headed, "Information for the People" in which appears the following untrue declaration. "Take Richmond county. We see it stated that the total expenses of this large county under Democratic rule will not exceed \$5,000. Four years ago in 1876—when the Radicals had charge the expenses were \$10,142.65. Here we see that the expenses are reduced more than half. Why in ten years, at the next census, upon this plan of economy the people of Richmond would have

more than \$30,000. Who in that

country be blind and fatuous as to wish to remain in Radical domi-

Now this strikes the people of Richmond regardless of party as the very essence of audacious falsehood. Why, sir, it is a fact known to all men in this county and the entire Pee Dee section, that the Democratic tide of 1874 swept from the hands of the Republicans of Richmond the county government of the same.

The Democrats elected three of the five Commissioners. Mr. Jas. Aycock was Chairman of the Board, whose term of office did not expire until December 1876. Now if there was any extravagance during the year 1876 (and the Star says there was) who is to blame for it? Clearly the Democratic Board of County Commissioners who reigned supreme from September 1874 to December 1876. If the Star is correct and there was such a needless expenditure of the people's hard earned dollars, why did the Democratic Magistrates, (not elected by the people but appointed by a Democratic legislature) re-elect as Chairman of the Board of County Commissioners of Richmond this same Jas. H. Aycock, who had presided for over two years of such alleged extravagance?

This is but one of the many dishonest false charges made by Democrats against Republicans, county governments. They deceived the people in 1875 and 1876, and now seeing their prospects are so dull and gloomy they hope to lead the people of North Carolina to believe that a member of the legislature from Cartersville is more competent to select the Magistrates of and for the county of Cherokee than the voters of Cherokee themselves are.

Expose this falsehood, dishonesty and slander, and peace to the people of our state will be under even more obligations to you than they are now.

In confusion I would ask the Star to ventilate the administration, Republican and Democratic, of Harnett county, the Democratic banner county of the Third Congressional District. But they dare not do it, because the frauds and corruptions there surpass in magnitude any in the state and they are Democratic frauds.

LETTER FROM BLADEN.

BLADEN CO., Aug. 16, 1880.

EDITOR POST:—To give you some idea of how things are working in old Bladen, allow me to say that you have no need to fear as long as such men as our friend W. M. Monroe speaks in thunder tones in your behalf. His influence is ahead of any man in this county at this time, both with the Republican and Democratic parties. He is looked upon as a man that would represent the people generally, and is known to be a tried Republican, and old Bladen will call him out to bear the banner in our next Senatorial campaign. He will bring to our ranks at least 200 Democratic voters. He is the champion of our party in this district and must represent us. He is advocating Garfield and Arthur, Buxton and Canady, strong. You will hear more of him in the future.

Yours &c., W. E.

ROBESON SPEAKS.

LUMBERTON, N. C., Aug. 19, 1880.

MR. EDITOR:—Not seeing any reports from Robeson as from other counties, I wish to inform your readers that we are not asleep. Republicans are more interested here in politics than I have ever known them to be. The Democrats are frightened. They tried to form a Hancock, Jarvis and Dowd club, and compel every member to support their ticket, but soon found they had made a blunder. Honest men will not pledge themselves to vote for some of the men on their (dem) ticket. They tried to raise a pole but failed. After raising it some distance the other day it fell; a little boy remarked, "Your President will fall too." I guess he was right. Republicans will do their duty in Robeson next November, and with a free ballot and a fair count, it will go Republican by an overwhelming majority.

There are hundreds of votes lost in this county by the Republicans not having competent men for pollholders. Those who appoint them select such men as don't know A from B. I know whereof I speak.

I stood by the polls in last election and kept a half dozen in two hours time from casting their votes wrong. At this rate how many are lost at each precinct? The Democratic pollholder said "it is not our business to tell you how to vote." Republican pollholders don't know, or are afraid to tell them. Let intelligent Republicans sensible of the state see to it that sensible men can be pollholders.

There should be no pollholder who cannot read and write. Well might they say "you can beat us voting but we can beat you counting." You shall hear from me again before November.

Yours truly, ROBESON.

ROCKY POINT PENDER CO.,

August 12, 1880.

I write to inform you and the many readers of your paper that there was a picnic on Brown's Sound, Onslow county, August 6th, 1880, given by the Republicans of Brown's Sound, and by invitation caused me to be with them, and after the picnic was over they organized themselves in a meeting by electing me Chairman and Rev. S.

Heuderson Secretary.

THE REPUBLICAN PLATFORM ADOPTED AT RALEIGH JULY 7th.

The Hon. R. C. Badger, chairman of the Committee on Platform and Resolutions, reported from that committee the following:

The Republicans of North Carolina, in Convention assembled, renew the pledges made in all their former platforms. And they declare as follows:

1. That they cordially approve the nominations, recently made at Chicago, of James A. Garfield for President and Chester A. Arthur for Vice-President; and that they will most cheerfully and actively devote themselves to their election, indispensable to the preservation of the Republican party, and of the Republic, in its integrity. And that they fully endorse the principles set forth in the platform, adopted by the Republican convention, which convened in the city of Chicago, on the 2nd day of June 1880.

2. That they have, with great apprehension and alarm, the rapid consolidation and engrossment of our railroad systems, by and under the control and ownership of foreign monopolists—that such consolidation of capital gives power to the monopolists to oppress the labor of the country, by unreasonable and unjust local tariffs and taxes, and gives to them the power to control the legislative branch of government, in the passage of laws in their interest, and ruinous to those of the people; and that they have seen with regret, that these monopolists are making an insidious invasion among the leaders of the Democratic party, which culminated on the 17th day of June, in the engulfing and swallowing up of the whole Democratic State convention; and that while they have no desire or intention to make war upon these monopolists, they do demand that the Legislature shall pass laws to govern and control them, so that they shall not be permitted to discriminate against our own people, and place a reasonable limit on local tariffs and taxes.

3. That they view with anxiety the condition of the Western North Carolina Railroad, which, through the hot haste and ill-considered contracts of the Democratic state administration, is surrounded by legal trouble, which afford no relief from taxation, and threaten to delay for a long time, if not altogether defeat, the completion of that work necessary for the welfare and development of the state, and especially the western counties.

4. That the Republican party has always been the friend of education, and now again renewes its pledge to the people of North Carolina, to continue its efforts with increased vigor, until there shall be a complete and perfect system of public instruction.

5. That they recognize the mechanic and laborer as the bone and sinew of the land, and pledge themselves to protect their rights and promote their physical, educational, and material interests.

6. That the recent constitutional amendments were passed by a convention which was not composed of a majority of elected delegates, and the control of which was stolen from the Republican majority, by an infamous and admitted fraud on the voters of Robeson county. This corruption, on the part of the Democracy, demonstrates the fact, that their party will scruple at no violation of law in the interest of party supremacy; and that the Democratic party is not the friend of representative government or of the people.

7. That the present system of county government in North Carolina is utterly subversive of the rights of the citizens; is the grossest political robbery ever practised in this, or any civilized country; is the most damnable trait ever devised or sanctioned by any political party, and calls for the unqualified condemnation of all who have the name of freemen, without regard to party affiliation. We claim the right of the people to elect every officer in the state, from the Chief Executive down to the humblest official, and demand that this right shall not be denied nor abridged; that an honest count shall allow a free ballot, and the majority shall determine who shall enact and administer its laws.

8. They denounce the Democratic party as an oligarchy, controlled by railroad corporations and aristocratic influences, and if not arrested in its course, it will overthrow the most cherished rights of the people. The tendency to the concentration of dangerous powers, for private and corrupt ends, in the hands of a few, has recently manifested itself in a vital part of our state government, and in a way to excite the greatest apprehension. The Superintendent of Public Instruction, now endorsed by his party nomination, and without regard to the popular wish, has demanded to have vested in his hand, that is in the hands of a central board of which he should be the life, the absolute right of dictating what text books our children shall use, whereby he can mould the opinions of the rising generation; can strangle, for the benefit of personal or sectional favorites, all competition in local literature, and open up for his office, so intimately connected with the popular life and purity, a faithful and profitable source of corrupt robbery. That they denounce the laws known as the landlord and tenant acts, as designed for the benefit of a few, to oppress the humble and defenceless citizens. That they denounce the present road laws of the state, as oppressive to the laborer, and demand their amendment, so that burdens of building and repairing them shall be borne more equally by all classes of the people.

The report was adopted.

THE GENUINE

DR. C. McLANE'S

CELEBRATED

LIVER PILLS

FOR THE CURE OF

Hepatitis, or Liver Complaint,

DYSENTERIA AND SICK HEADACHE.

Symptoms of a Diseased Liver.

PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are gaseous, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily fatigued, his feet are cold or burning, and he has a desire to sleep; his appetite is poor, and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy.

Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER.

Dr. C. McLANE'S LIVER PILLS, in cases of AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

For all bilious derangements, and as a simple purgative, they are unequalled.

REMEDY OF INITIATION.

The genuine McLANE'S LIVER PILLS bear the signatures of C. McLANE and FLEMING BROS. on the wrappers.

Insist upon having the genuine Dr. C. McLANE'S LIVER PILLS, prepared by Fleming Bros. of Pittsburgh, Pa., the market being full of imitations of the name McLANE, spelled differently but same pronunciation.

EDWARD W. TAYLOR,
Chairman Republican Ex. Committee.

CUMBERLAND, *

A friend writing from Fayetteville, giving an account of the Buxton-Jarvis meeting there:

Buxton arranged Jarvis about his voting for the Special Railroad Bonds and his party stealing away the rights of the people by inaugurating the present system of county government. He assigned as his reason for voting for the Special Railroad Bonds only for the purpose to reconsider. In the discussion Buxton vanquished Jarvis. Buxton led off in a speech of an hour and a half and upon the introduction of Gov. Jarvis many left him himself.

He adds that Jarvis made no votes for himself on the occasion, and that his talk was largely an appeal to race prejudices and a rehash of bitter sectional feelings.
